## **ABOUT CeBIT**

CeBIT is the world's largest trade fair showcasing digital IT and telecommunications solutions for home and work environments. The key target groups are users from industry, the wholesale/retail sector, skilled trades, banks, the services sector, government agencies, science and all users passionate about technology.

CeBIT offers an international platform for comparing notes on current industry trends, networking, and product presentations. Deutsche Messe AG has organized CeBIT in Hannover each spring since 1986.

Over 4,300 exhibitors from around 69 countries and some 400,000 visitors from all over the world attended the last CeBIT in 2009.

## **CeBIT'S PROFILE**

### **Business IT**

To compete in today's markets, companies must be able to manage their business processes quickly and efficiently. Especially now, modern applications need to be responsive and flexible enough to contain rising costs and keep business processes lean and efficient.

### **ICT-Infrastructure**

CeBIT showcases the entire spectrum of the ICT industry. This is where visitors see the basic, enabling technologies that are the key to convergence, integration, mobility, speed and convenience.

From hardware to fully configured network, from single components to the entire range of peripherals - the focus here is on products and concrete applications worth billions in sales.

### **Future ICT**

What will our working lives look like in the future? How will tomorrow's communications work? What can the ICT industry do for our environment?

Recognizing emerging trends, turning visions into reality, moving forward: in the display area "Future ICT" visitors can see at a glance where future opportunities lie, and explore the possibilities of tomorrow's growth markets.

### **Conferences**

CeBIT is the international forum for ICT specialists to share information and compare notes.
